

A suggestion of recommended texts for uploading a voice sample to the portal DatabázeHlasů.cz

To publish your professional profile, it is necessary to upload a sample of your voice in 3 different types of voices. You can upload samples from your past successful projects or you can record these suggested texts.

Type of voice: „COMMERCIAL“

energetic, believable speech advertising a service or a product – the goal is to get people's attention and make them interested in it

option A: *„We are the largest online database of voices in Czechia and Slovakia. For more than 10 years, we have been recording advertisements, company and product videos, documentaries, IVRs, explanatory and e-learning videos, apps, toys ... simply everything that you could ever think of! DatabázeHlasů dot C Z – find the voice for any of your projects here!“*

option B: *„Are you looking for a voice for your project? Listen to hundreds of unique voices for free and choose the right one for you! DatabázeHlasů dot C Z, the largest database of voices in Czechia and Slovakia.“*

Type of voice: „COMMENTARY“

calm, easy to understand and explanatory speech, fitting for descriptions, lessons, tutorials etc.

option A: *„Beer is a low-alcohol beverage made by fermenting cereal mash. The sugar needed for fermentation is obtained by malting barley or wheat. In some countries a proportion of maize or rice is added. Approximately 1.5 billion hectolitres of beer are sold annually, making beer the best-selling beverage in the world.“*

option B *„The human voice is the best and oldest means of communication. It is formed in the larynx by vocal cords, around which air flows and it forms the voice in the mouth. There are no two same voices in the world. It depends not only on what we say, but also how we say it.“*

Type of voice: „PERFORMANCE“

dramatic speech with emotions

„Each human voice is unique, its color, diction and expression. We can communicate moving life stories, romantic confessions, feelings of pure joy, sudden anger or deep sadness by specific speech and intonation. The human voice is a unique instrument and everyone plays the same notes differently.“
